18.6' Couples Van

GETAWAYS MADE PERFECT

The 18.6 Couples Van by Aus Wide Caravans boasts a range of external features that marry elegance with utility.

At the forefront of its design innovations stands the Aluminium Frame. A staple in caravan construction since the 1970s, these frames are crafted from high-quality aluminium, and welded to form a structure that's both robust and resilient. The result? A caravan frame that stands the test of time, resistant to warping or damage, ensuring your peace of mind during every journey.

Every detail of the 18.6 Couples Van is engineered for those who seek unparalleled quality in their adventures. Its features integrate flawlessly with the overall design, promising a travel experience that's as magnificent as the sceneries you'll discover. Embark on the open road with Aus Wide Caravans and elevate every excursion into a memorable expedition.
